

**IN THE SPECIFICATION:**

Please substitute the following amended paragraphs:

B1 [ Please replace the paragraph beginning on page 12, line 29 with the following: ]

Figure 8 is a comparison of the heavy chain of monoclonal antibody J591 with the consensus sequence for Mouse Heavy Chains Subgroup IIA (designated SEQ ID No. 20).

[ Please replace the paragraph beginning on page 13, line 5 with the following: ]

B2 Figure 11 is a comparison of the kappa light chain of monoclonal antibody J591 with the consensus sequence for Mouse Kappa Chains Subgroup V (designated SEQ ID No. 21).

[ Please replace the paragraph beginning on page 42, line 10 with the following: ]

B3 The J591 VH is in Mouse Heavy Chains Subgroup IIA (designated SEQ ID No. 20) (Kabat et al., Sequences of Proteins of Immunological Interest, U.S. Department of Health and Human Services (1991) ("Kabat"), which is hereby incorporated by reference). The sequence of J591 VH is compared to the consensus sequence for this subgroup in Figure 8.

[ Please replace the paragraph beginning on page 45, line 4 with the following: ]

B4 J591 VK is in the Mouse Kappa Chains Subgroup V (designated SEQ ID No. 21) (Kabat, which is hereby incorporated by reference). The sequence of J591 VK corresponding to the ten identical clones is compared to the consensus sequence for the subgroup in Figure 11.
